INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directory (publishers of the Washington Directory since 1957), present to subscribers and the general public, this, the 1968 edition of the Washington City Directory, which also includes Macswoods, Smallwood, Washington Heights, Washington Park and the Rural Route Residents. (In all, the Hill Directory Company and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Washington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Washington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Washington Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and the business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Washington, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of

Washington, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and zip code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Washington and vicinity.

The Washington Out-of-Town City Directory Library

Through the courtesy of the publishers of the Washington City Directory, a Directory Library is maintained in the offices of the Washington Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Capacity of water works 3,000,000 gallons, with daily average pumpage of 1,300,000 gallons; 33 miles of mains, and plant valued at $1,500,000. Fire department has 7 paid men with 88 volunteers, 1 station and 6 pieces of motor equipment. Value of fire department real estate and equipment, $150,000. Police department has 20 men, with 1 station and 4 pieces of motor equipment.

STORY OF THE CITY OF WASHINGTON, N. C.

The City Today

The original Washington was founded on the 337 acres granted to Christopher Dudley in 1726. In 1771 James Bonner, then owner of the land, founded a town called "Forks of the Tar River," which by 1776 was known as Washington, the first town in the United States so named.

Washington was incorporated by the General Assembly at Hillsboro in 1782. In 1784 the assembly established a trading post at Washington "for the speedy decision of mercantile transactions with foreigners and transient persons."

The local 1966 estimate of Washington was 10,175 population. This growth is due to new industrial plants brought into the area in the last few years and real estate figures on new homes constructed. On the basis of new businesses in the city, there is every reason to believe that the city will continue to grow steadily in the future.

Washington is in the western part of Beaufort County in the east-central portion of the Coastal Plains section of North Carolina. Located

on the navigable Tar and Pamlico rivers, it is 135 miles south of Norfolk, Virginia, and 105 miles east of Raleigh, North Carolina. It is on U. S. Highways 17 and 264, and on three state highways and two railroads.

Beaufort County has 290,816 acres of farmland averaging 40 acres per farm, with 3,000 farms, 2,863 of which are commercial farms. Main agricultural products are tobacco, cotton, corn, soy beans, potatoes, livestock, oats, peanuts and lespedeza.

Existing industries consist of a yarn spinning plant, a shirt manufacturing plant, a dressmaking plant, grain elevators, lumber and planing mills, mattress manufacturing plants, a furniture plant, a manufacturer of automobile truck bodies, boat builders, electrical appliances, phosphate and meat processors. These industries draw on raw materials available locally and in surrounding area. The Washington Tobacco Market serves a wide area. There are 61 industries in the county employing 13,270 workers.

Service Institutions

Washington has an unlimited supply of electric power, furnished by the City of Washington Utilities Commission. Washington's Jordan water filtration plant, among the most modern in the state, filters, 2,750,000 gallons per day, and the average daily usage is 1,000,000 gallons. The sewage disposal plant has clarifiers sufficient to handle double the present requirements, with capacity of $2\frac{1}{2}$ million gallons per day to serve up to 48,000 population. The extensive facilities of the Tidewater Natural Gas Company provide gas to customers on existing city mains. Several local bottled gas companies render service within the community at reasonable rates. Natural gas is available.

The city is served by two railroads, the Norfolk Southern Railway Company and the Seaboard Coast Line Railroad Co. Both rail terminals are located near the center of the town. Washington is served by four bus lines at the Union Bus Terminal, and numerous national trucking lines. Bay boats and barges provide cheap transportation for bulky cargoes on the Pamlico River with its 12-foot channel connecting the city directly with the Inland Waterway 30 miles east of the City.

New - Modern - Eastern Elementary School.

Eastern Carolina Tideland most picturesque site. Washington Yacht and Country Club featuring a 9-Hole Golf Course.

The nearest commercial airport is at New Bern, 35 miles south. Washington's airport is used by private land and sea planes. The local airport is Government-built and has concrete runways 150 feet wide and 14,000 feet long. Flying charter service is available.

Washington's educational facilities consist of 5 elementary and two junior-senior high schools with 4,294 students. Nearby colleges are East Carolina University at Greenville, Atlantic Christian College at Wilson and Chowan Junior College at Murfreesboro.

New homes and residential developments constantly add to the beauty of Washington's residential areas. The people are naturally friendly and hospitable, which adds to the charm of this historic city. Its natural advantages of being near the water attract people to Washington for the numerous water sports, and the hotels, motels and tourist homes cater to the fisherman, hunter, water skiing enthusiast, yachtman and all interested in the advantages which the big Pamlico River has to offer.

Among the leading organizations are the following;—

CIVIC AND COMMUNITY CLUBS AND OFFICERS IN WASHINGTON, N.C.

American Legion - Marvin P. Tetterton, Commander, N. Market, City

Elks Lodge - LeRoy Scott, Exalted Ruler, Washington Park

Junior Chamber of Commerce - Milton Brown, N. Bonner St., City

Twilight Garden Club - Miss Ruth Tyer - N. Bonner St., City

Washington Council of Garden Club - Mrs. Swanson Graves, Jr., Summit Ave., City

Pamlico Art Club - Mrs. Edward L. Mercer, President, 332 E. 10th St., City

One of Washington's landmarks - - - United States Post Office Building.

Industrial Situation

Living conditions in Washington are good, and available industrial labor in the city and county is already housed. Labor relations are particularly good in industrial establishments, and there is an adequate supply of available labor in the area.

Financial Situation

The bonded debt of the city is $1,586,000. The city council awards contracts to the lowest bidder. The city has never faltered in payment of any bond or obligation, and is in a sound financial condition. The city is constantly expanding its water and sewer facilities to meet the growth and expansion of the city. Any developments or expansions in the immediate future will be done from current revenue rather than bond issues.

Retail Trade

Washington is a retail and wholesale trading center. The retail area covers a radius of around 50 miles, serving a population of 300,000. The wholesale area has a radius of around 100 miles and covers a population of 1,000,000. Almost every type of retail store will be found in Washington's modern shopping section, and it is the natural hub of market activities for six surrounding counties. The Washington Daily News, published each afternoon except Sunday, has an average daily circulation of 6,284. The retail trade area handles the highest quality merchandise.

Wholesale Trade

Among leading wholesale dealers here are those dealing with clothing and hardware.

Modern Well Equipped Beaufort County Hospital. Now accommodates 175 in patients.

Civics and Welfare

Washington is currently served by one new hospital with 176 beds. The new Beaufort County Hospital, is entirely air conditioned. There are three clinics in the city. City and county health departments have active programs. Amusements consist of a modern motion-picture theatre, a drive-in theatre, a city-owned recreation center, a public air conditioned library with 20,000 volumes, public parks, two full time radio stations and a locally-owned NBC TV station. CBS Television is received strongly from a station 20 miles away.

The Washington Yacht and Country Club has an excellent nine-hole golf course and yacht basin with docking facilities. There are public tennis courts. Swimming and fishing are excellent in the Pamlico River and the country club has a swimming pool of the finest and most modern construction. Boating, sailing and hunting are excellent in and near Washington. The nearest beach on the Atlantic Ocean is 70 miles away.

The Chamber of Commerce sponsors an annual Christmas parade, as well as special events throughout the year.

City As A Center

Located on Ocean Highway U. S. 17 between Maine and Florida, Washington is of interest historically to many tourists, being surrounded by historical points of interest regarding the first settlers of America.

Advantages and Claims

The advantages of Washington as a recreation center are unexcelled, due to its water sports facilities and its proximity to the Atlantic Ocean. Industry seeking sites for expansion will find Washington an excellent location due to its modern facilities, available sites, modern climate, good labor relations and high quality of labor supply.

City As A Service Center

The Washington Chamber of Commerce, 138 S Market St., P. O. Box 665, Telephone 946-2531, is prepared to give complete information on any phase of Washington's facilities to interested parties.

Redevelopment and Housing

In June 1961 the City Council appointed the Redevelopment Commission and the Washington Housing Authority to plan to eliminate slums and blighting conditions in the City and to provide low rental public housing for people who could not afford decent homes.

Survey and Planning Funds for the East End Urban Renewal Area were approved in November 1962. This area comprises 417 acres, which is approximately 1-3 of the City of Washington.

According to the plan the structures in the area that cannot be rehabilitated will be removed and the rest of the structures will be rehabilitated and brought up to standard.

Some land will be made into parks and recreation areas and to give local schools much needed additional land area.

The Downtown-Waterfront Urban Renewal Area Project was approved in August 1963 and comprises approximately 70 acres, and includes the central business district of the City.

The realization of the redevelopment of the Downtown-Waterfront Urban Renewal Area on the basis of a shopping center can make Washington the East North Carolina Shopping Center.

One hundred and sixty five units of Public Housing have been completed.

For the future the Commission is planning further redevelopment in the City of Washington, of areas in the east and west over a 10 year period. The total amount of future projects will run in the neighborhood of 10 million dollars.

The Goal of the Commissions is to eliminate slums and blighting conditions in the City of Washington.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section"* or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city, plus miscellaneous other information.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter etc., does not appear, the designation st is understood.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

MORE PEOPLE ARE SEEING CITY DIRECTORY ADS

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

HILL'S
WASHINGTON

Street and Avenue Guide Including Telephone Numbers, Home Owner Symbols and Zip Codes

1968

Including Macswoods, Smallwood, Washington Heights and Washington Park

Copyright, 1968, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes, the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at theeir respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee thee correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

"Vital Information at Your Fingertips"--The City Directory

"A Real Necessity in Every Office"--The City Directory

A STATEMENT

OF

ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.

2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
